

INTEGRATION UPDATE

Building Value
Together

THURSDAY, APRIL 26TH, 2018

This is an exciting time for our companies and our goal throughout this integration is to keep you as up to date as possible on changes that matter most to you. If you have a question or topic that you would like to see addressed in future updates, please email askmike@layne.com or corp.comms@gcinc.com.

Will my Layne 401(k) stay at Merrill Lynch or will I have the option to roll it over into a personal retirement account without penalty?

On January 1, 2019, all existing 401(k) funds held in the Layne Christensen Merrill Lynch plan will automatically move to the Granite 401(k) plan. Also, since this transaction does not constitute a “distributable” event employees will not be able to roll-over funds to a personal retirement account without incurring the normal penalty. For further details on roll-over options, please contact Merrill Lynch at (800) 229-9040 or online at www.benefits.ml.com

Will I be getting a new email address?

Yes. Approximately 30-45 days after the transaction closes, all Layne employees will receive a new email address with the @gcinc.com domain. In addition to providing enhanced security controls to protect your identity, the new email will provide you with the ability to view colleagues’ calendar information such as free/busy status as well as access to a global address book so you can find users and email addresses all in one place.

Please note that the Layne.com email domain will be retained as needed to ensure external communications from customers and others is maintained. Over the coming months, you will be provided with more information regarding email including detailed instructions on how to access your new inbox, update your email signature, notify your contacts and transition from one email address to another.

Can I communicate or share information about Granite to clients and business partners?

Yes! We encourage you to go to graniteconstruction.com to learn more about Granite’s markets and services. If you have a specific marketing request, please contact marketing@gcinc.com or Michelle.Conery@gcinc.com.

What should I do if the media or an industry analyst contacts me?

Please do not comment on the transaction between Granite and Layne to media or industry analysts. All such inquiries should be directed to Michael.Anderson@Layne.com.

Who should I ask if I have questions about the transaction and how it impacts me?

You are encouraged to talk with your manager or supervisor. You can also submit your questions to askMike@Layne.com or to Corp.Comms@gcinc.com. We will work to provide a response in future Integration Updates.

What is the process for reporting unethical or illegal behavior?

Until further notice, there is no change to the current protocol for reporting unethical or illegal behavior. In most cases your immediate supervisor and/or Human Resources manager is in the best position to address any questions or area of concern you may have. Forward-Looking Statements

Certain statements in this communication may constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements relate to a variety of matters, including but not limited to: the consummation of the proposed merger; the expected benefits of the integration of the two companies; the filing of a definitive proxy statement with the SEC and the timing and content thereof; and other statements that are not historical fact. These statements are made on the basis of the current beliefs, expectations and assumptions of the management of Layne and Granite regarding future events and are subject to significant risks and uncertainty. Statements regarding our expected performance in the future are forward-looking statements.

It is uncertain whether any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do, what impact they will have on the results of operations and financial condition of the combined company or the price of Layne’s or Granite’s common stock prior to the proposed merger, or Granite’s common stock following the proposed merger. These forward-looking statements involve certain risks and uncertainties that could cause actual results to differ materially from those indicated in such forward-looking statements, including but not limited to: failure to obtain applicable regulatory or shareholder approvals in a timely manner or otherwise; failure to satisfy other closing conditions to the proposed merger; risks that Layne will not be integrated successfully or that Granite will not realize estimated cost savings, synergies and growth or that such benefits may take longer to realize than expected; failure to realize anticipated benefits from Layne’s operations; risks relating to unanticipated costs of integration; reductions in customer spending, or a slowdown in customer payments; unanticipated changes relating to competitive factors in the industry in which Layne and Granite participate; ability to hire and retain key personnel; ability to successfully integrate Layne’s businesses; the potential impact of announcement or consummation of the proposed merger on relationships with third parties, including customers, employees and competitors; ability to attract new customers and retain existing customers in the manner anticipated; reliance on and integration of information technology systems; changes in legislation or governmental regulations affecting the companies; international, national or local economic, social or political conditions that could adversely affect the companies or their customers; conditions in the credit markets; risks associated with assumptions the parties make in connection with the parties’ critical accounting estimates and legal proceedings; the continuing recovery in the mining industry; prevailing prices for various commodities; the timing and extent of future oil and gas drilling and production in the Delaware Basin; longer term weather patterns; the availability of credit; the availability of equity or debt capital needed for the business and foreign currency fluctuations that may affect Layne’s and Granite’s results of operations. Additional factors that may cause results to differ materially from those described in the forward-looking statements are set forth in the reports filed with the SEC and in each company’s other filings made with the SEC available at the SEC’s website at www.sec.gov.

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially and adversely from those anticipated, estimated or projected. These forward-looking statements are made as of the date of this filing. Neither Layne nor Granite undertakes any obligation to update any such forward-looking statements to reflect any new information, subsequent events or circumstances, or otherwise, except as may be required by law.
